

3D SHAKERS

MID-RANGE 3D SHAKER

The Nutating Shaker gives you the same convenient, consistent 3D shaking on your bench top as you get with our 3D Floor Shaker. The nutating platform creates a gentle slosh at low speeds and vigorous action at full speed. Mimics hand shaking.

- Mechanically shakes glassware for consistent, repeatable results
- Handles total loads up to 18kgs without needing to balance load
- "Lazy Susan" design allows 360° rotating of platform for easy loading and unloading
- Platform locks in place for added safety
- Accommodates up to four 2L separatory funnels
